Rotary Joins with PACT to End Human Trafficking

AUSTIN – Rick Naylor, Executive Director of PACT and Karen Walkowski, President of Rotary Club to End Human Trafficking (RCEHT) an international club, announced a strategic partnership to further the mission to end human trafficking across the globe.

“The partnership with PACT is precisely what our mission was centered on: prevention through education and advocacy to students of all ages,” Walkowski stated. “It was essential for us to have an established leader in the field that has a proven solution that was created for students by students”, Walkowski continued. “Along with the leadership and support of District 5950 and the initial dozen states and 6 other countries committed to the Rotary Club to End Human Trafficking, we are now staged to share a global solution that is sustainable and encompasses Rotary Clubs all over the world to join the mission”.

“On behalf of our Board and our PACT team members, we are extremely excited about the opportunity to work with the leadership at Rotary Club to End Human Trafficking and the prospect to reach 1.2 million Rotarian members across the globe let alone Rotaract youth leaders and Interact students”, said Rick Naylor. “As a fellow Rotarian, it is our work of community service that is the most meaningful for the success of any global project. In this instance, the involvement of all the groups within the Rotary umbrella is essential. Rotary Interact clubs are fundamental to help translate our work to their native languages in their communities and cultures while discovering the power of service above self especially when they can see the results as student to student. It is the perfect mentoring scenario” Naylor said.
